

# video productions

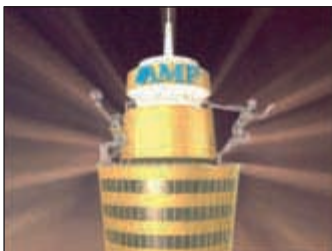

## Corporate Videos

Our reputation for producing high quality corporate videos speaks for itself.

We pride ourselves on producing individual programs for individual requirements.

For over a decade, we have worked in many genres, but quality and originality remain our consistent elements.

In an environment where moving images can be delivered in countless ways, we have it covered, working with you through scriptwriting, storyboarding, filming, editing and animation effects.

## MULTIMEDIA BUSINESS SOLUTIONS

## Broadband Video

We have developed a number of proprietary broadband delivery platforms for high bandwidth streaming and file transfers.

In addition to the platforms, we supply a range of digital display technologies including plasma screens and on-glass projection systems.

File formats include AVI, MPEG, Quicktime, Realplayer and Mediaplayer, with output available on digital or analog tape formats, CD-ROM and DVD.

## TV Commercials

There is clearly an art to getting your message across in thirty seconds or less.

With an impressive array of original and stock footage, and a comprehensive library of stills, we're sure to have the right imagery to meet your requirements.

Well versed in conceptualisation, product placement, and video production, Beach Hut Media makes every post a winner.
